

## How to save a family from an Ancestry tree to your tree

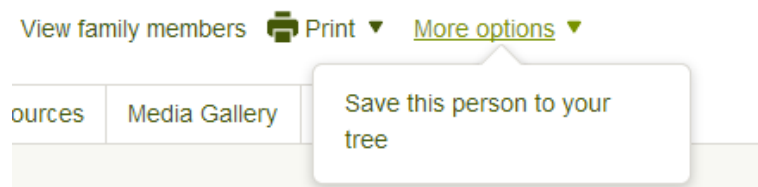

To save a family from an Ancestry tree to your tree, go to the person you wish to save. In the right hand corner you will see a + sign “Save this person to your tree”.

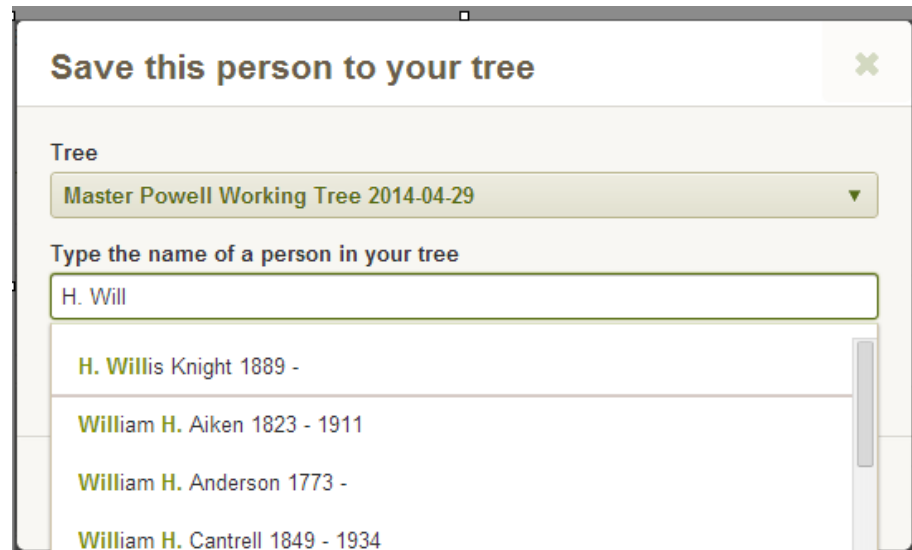

The screenshot shows the top navigation bar of an Ancestry tree page. On the left, it says "Tree" and "Tree pages" with a dropdown arrow. In the center, there is an "Owner:" field with a profile picture icon and a name. On the right, there is a search box labeled "find a person in this tree" with a magnifying glass icon and a dropdown arrow. Below the navigation bar, the name "Willis Knight" is displayed in a large font, preceded by a minus sign icon. To the right of the name, there is a yellow button with a plus sign and the text "Save this person to your tree", and a speech bubble icon with the text "Comment on this". Below the name, it says "Birth Apr 1889 in Alabama, United States".

Click on the + sign, chose the tree you wish to save it to and start typing in the person’s name. A list of selections from your tree will come up.

If you don’t see the + sign and “Save this person to your tree” go to the “More options” tab and the drop down menu will show it.

The screenshot shows a dropdown menu that appears when the "More options" link is clicked. The menu contains several items: "View family members", "Print" with a printer icon, and "More options" with a dropdown arrow. Below these items, there is a "Sources" tab and a "Media Gallery" tab. A white tooltip box is overlaid on the "More options" link, containing the text "Save this person to your tree".

The screenshot shows a dialog box titled "Save this person to your tree" with a close button (X) in the top right corner. Inside the dialog, there is a "Tree" dropdown menu currently set to "Master Powell Working Tree 2014-04-29". Below the dropdown, there is a text input field labeled "Type the name of a person in your tree" containing the text "H. Will". Below the input field, there is a list of search results:

- H. Willis Knight 1889 -
- William H. Aiken 1823 - 1911
- William H. Anderson 1773 -
- William H. Cantrell 1849 - 1934

A new window will come up with a list of those people from this family who are in the tree you wish to save. Check the “Add” box next to the name of those you wish to save.

**H Willis Knight**  
in the hammond Family Tree Ancestry Member Tree

Once you've selected the people you want to import, click on "save to your tree" at the bottom.

**Place:** Alabama

---

**Death**

**Date:** 30 March 1914

**Place:**

Then your tree will come up showing the newly added people. Click the "back" button twice to get back to the tree you are importing if you want to import more people.

In this case I was able to save 15 people to my tree.
